WEB 1702 | FALL 2021

Instructor

Instructor: Amanda Webster

Office Hours: Online. By Appointment

Email: use the Canvas conversations tool - go to the Inbox in the purple navigation bar

Email is the best way to get in touch with me. Please email me using the Canvas Conversations Tool (go to the Inbox located in the purple navigation bar). I will usually respond to email within 24 hours; however, I do NOT check email during the weekend or on holidays so PLAN AHEAD!

Course Overview

Welcome to the Web and User Experience (Web) 1702: Content, Internet Identify, and Device Management course. This is an online class so there are no scheduled class sessions; however, **there are due dates** (because I need time to grade)! This is not a self-paced class! Don't expect that you can turn everything in at the end of the semester and receive a great grade.

All course content, assignments, and exams will be completed through Canvas. You will need to work through the [modules](#) as outlined submitting everything by the due date. You may work ahead of the schedule, but don't get behind. You should expect to spend about six hours a week working on assignments for this course.

Course Description

Students will use current software/technology to manage content on local devices and in the cloud. Students will manage their web identity and presence according to e-safety, security, and privacy best practices and standards. Students will manipulate multiple computing platforms and troubleshoot problems when they arise. Students will protect local devices from security threats including viruses, malware, and adware using current best practices and technologies. Keyboarding 25 wpm recommended.

Course Outcomes

- Recognize how computers work and how technology impacts our lives.
- Discuss how operating systems and data storage devices contribute to computing productivity.

- Explain how to purchase, use, and troubleshoot computing devices.
- Examine the security, privacy, and ethical issues involved in modern computing.
- Learn to manage your web identity and presence according to e-safety, security, and privacy best practices and standards.

REQUIRED COURSE RESOURCES

Textbook & Reading Materials

There is **NO** textbook for this course! Yay! I utilize a free resource called [GCF Learn Free \(Links to an external site.\)](#) to assist you in learning the material. Many assignments also utilize the Challenges associated with each section. I use these challenges to check your completion of the reading and ensure you can complete each task.

Office 365 Requirement

This course is taught using Microsoft Office 365. You will learn how to stay secure online, create a research paper and how to analyze and present data. The assignments and exams are designed for Microsoft products and must be received in the appropriate Microsoft format.

Every student has access to a free Office 365 license through Weber State. Learn how you can

[download Office 365 for FREE](#)

! WSU Tech Support (801-626-7777) can walk you through the process of accessing and downloading if needed.

Storage Device

You may find yourself in need of a storage device. This storage device may be a flash drive (USB drive) or any cloud storage account such as [dropbox.com \(Links to an external site.\)](#), [box.com \(Links to an external site.\)](#) or google drive.

Canvas

Canvas is where course content, grades, and communication will reside for this course.

- <https://weber.instructure.com>
- For Canvas-related technical support, please click the HELP link in the lower left-hand corner of your screen.
- You can also call WSU Online at (801) 626-6499 or email wsuonline@weber.edu
- For [Passwords](#), or any other computer-related technical support contact the [IT Service Desk](#).
 - (801) 626-7777
 - 1-800-848-7770 - option 2 - ask for extension 7777
 - <http://www.weber.edu/help>

- o csupport@weber.edu

LEARNING ACTIVITIES

If this course was held as a face-to-face class, the class would meet for one hour each week. You will need to plan on minimum three hours of work PER WEEK for this course.

Discussions

There are no discussions in this course.

Assignments

There will be a variety of assignments throughout the course. Assignments will be evaluated on content, timeliness, neatness and adherence to form. Assignments may only be submitted once and will only be graded once. Assignments will be graded within a five day period after the due date.

To stay on track for completion of the course, all assignments should be completed by the dates provided. Refer to the calendar often to be sure you are meeting all due dates. **Assignments can always be turned in early.** I do not deduct points for late work; however, assignments will only be accepted until the last day of the unit or the corresponding Unit exam. Any assignment submitted after the corresponding unit end date or exam will receive a “0” (zero) score. If you are going to be out of town at any point during the course, please submit any assignment PRIOR to your trip.

Exams

There are no exams in this course.

Late Work

I will accept late work until the last day of the unit. Any assignment submitted after the corresponding unit end date will receive a “0” (zero) score. If you are going to be out of town at any point during the course, please submit any assignment PRIOR to your trip.

GRADES

I use grading rubrics for some of the assignments. A grading rubric is a scoring tool that I use to evaluate your assignments and exams with a set list of criteria and points. Before you submit an assignment, you can compare it to the rubric to determine if you have completed all the necessary tasks and have met all the criteria.

Additionally, once I have graded the assignment, you can view the rubric to determine exactly where you missed points.

Grading Scheme

Grades will be assigned based on the following percentages:

A = 95.0-100% A- = 90.0-94.9%
B+ = 87.0-89.9% B = 83.0-86.9%
B- = 80.0-82.9% C+ = 77.0-79.9%
C = 73.0-76.9% C- = 70.0-72.9%
D+ = 67.0-69.9% D = 63.0-66.9%
D- = 60.0-62.9% E < 60%

COURSE POLICIES

Academic Honesty/Ethical Conduct

Cheating on assignments or tests will not be tolerated. All work must be your own. Anyone who is caught cheating will be assigned a failing grade for that assignment. You can ask another student, a friend, or spouse questions about an assignment. But in the end you need to be the one that completes the required assignment. If you are caught cheating in this course, you will be subject to academic discipline including the imposition of University sanctions. A description of cheating and possible sanctions is found in the WSU Student Code available [here](#).

Cheating, as described in the student code, includes but is not limited to:

- Plagiarism, which is the unacknowledged (uncited) use of any other person's or group's ideas or work. This includes purchased or borrowed papers;
- Collusion, which is the unauthorized collaboration with another person in preparing work offered for credit;
- Falsification, which is the intentional and unauthorized altering or inventing of any information or citation in an academic exercise, activity, or record-keeping process;
- Giving, selling, or receiving unauthorized course or test information;
- Using any unauthorized resource or aid in the preparation or completion of any course work, exercise, or activity;
- Infringing on the copyright law of the United States which prohibits the making of reproductions of copyrighted material except under certain specified conditions.
- Copying from another student's test;
- Using materials during a test not authorized by the person giving the test;
- Collaborating with any other person during a test without authorization;

- Knowingly obtaining, using, buying, selling, transporting, or soliciting in whole or in part the contents of any test without authorization of the appropriate University official
- Bribing any other person to obtain any test;
- Soliciting or receiving unauthorized information about any test;
- Substituting for another student or permitting any other person to substitute for oneself to take a test.

Accommodations for Students with Disabilities

In compliance with the American Disabilities Act (ADA), Weber State University seeks to provide equal access to its programs, services, and activities for persons with disabilities. Any student requiring accommodations or services due to a disability must contact the Services for Students with Disabilities (SSD) office. SSD can also arrange to provide course materials (including the syllabus) in alternative formats if necessary. For more information about the SSD contact them at voice: (801) 626-6413, TDD (801) 626-7283, ssd@weber.edu or <http://departments.weber.edu/ssd> (Links to an external site.)

Course Fees

Course fees for the WEB/UX major are designed to cover the costs of lab equipment maintenance and replacement including desktop and server computer systems and software; consumable materials and supplies; and support for lab aides, student tutors, and online instructional resources.

Syllabus Changes

This syllabus is subject to change. I will notify the class regarding all changes. In the event of any discrepancy between this syllabus and content found in Canvas, the information in **CANVAS WILL TAKE PRECEDENCE**.

Computer Literacy Center Policies

1. When in the center, computers are to be used for academic purposes only. Students may be asked to leave the room if they are using the computers for some other purpose.
2. No food or drink is allowed in any Center computer classroom or lab.
3. Copyrighted material is NOT to be reproduced or downloaded from the Internet without permission of the author.
4. By enrolling at WSU students agree to maintain certain standards which, if violated, will result in loss of computer privileges. According to the [WSU student code \(Links to an external site.\)](#), students agree to avoid unethical, wasteful, and/or inappropriate use of any computer. In addition, students agree not to interfere with the productivity of other users and therefore will avoid disorderly, lewd, indecent, defamatory, or obscene conduct or expression.

Harassment/Discrimination

Weber State University is committed to providing an environment free from harassment and other forms of discrimination based upon race, color, ethnic background, national origin, religion, creed, age, lack of American citizenship, disability, status of veteran of the Vietnam era, sexual orientation or preference or gender, including sexual/gender harassment. Such an environment is a necessary part of a healthy learning and working atmosphere because such discrimination undermines the sense of human dignity and sense of belonging of all people in the environment. Thus, students in this class should practice professional deportment, and avoid treating others in a manner that is demeaning or derisive in any respect. While diverse viewpoints and opinions are welcome in this class, in expressing them, we will practice the mutual deference so important in the world of work. Thus, while I encourage you to share your opinions, when appropriate, you will be expected to do so in a manner that is respectful towards others, even when you disagree with them. If you have questions regarding the university's policy against discrimination and harassment you may contact the university's AA/EO office (626-6239) or visit its website: <http://www.weber.edu/aaeo> ([Links to an external site.](#))

Threat to Self or Others

Any disclosure by a student, orally or in writing, whether related to class assignments or not, that communicates the possibility of imminent danger to the student or others will be shared with the appropriate authorities.

Course Summary:

Date	Details	Due
Mon Aug 30, 2021	Calendar Event First Day of Class (at least log on!)	12am
Tue Aug 31, 2021	Assignment Canvas Email	due by 11:59pm
Sat Sep 11, 2021	Assignment Devices	due by 11:59pm
Sat Sep 18, 2021	Assignment Platforms	due by 11:59pm
Sat Sep 25, 2021	Assignment Operating Systems	due by 11:59pm
Sat Oct 2, 2021	Assignment Internet Safety Quiz	due by 11:59pm
Sat Oct 9, 2021	Assignment Evaluating a Webpage	due by 11:59pm
Sat Oct 16, 2021	Assignment Cloud Storage	due by 11:59pm
Sat Oct 30, 2021	Assignment Backing up Your Computer	due by 11:59pm
Sat Nov 6, 2021	Assignment Device Security & Scams	due by 11:59pm
Sat Nov 13, 2021	Assignment Online Web Presence	due by 11:59pm
Sat Nov 20, 2021	Assignment Online Professional Presence	due by 11:59pm
Fri Dec 10, 2021	Calendar Event Last Day of Classes	12am
Thu Dec 16, 2021	Assignment Eval Extra Credit: Digital Literacy	due by 11:59pm
